Monday, May 25, 2026, 9 AM- 4 PM  
Klinic Health Centre, Room 1001  
167 Sherbrook St, Winnipeg

## Facilitators:

- Robert Chase MD, developer of Vidaview Life Story Board, College of Community and Global Health University of Manitoba, physician, MFL Occupational Health Centre.
- Christina Chan MSW RSW RPT-S, Courageous Connections Counseling & Consulting, Winnipeg EMDR Trained Therapist, Registered Social Worker, Registered Play Therapist Supervisor, CCPA clinical supervisor <https://www.christinachantherapy.com/>
- Richelle Ready, BSW RSW child and family counsellor at Ursa Psychology, Winnipeg with work in child welfare, intimate partner violence, families in transitional housing. <https://ursapsychology.ca/team>. visit Life Story Board website <https://lifestoryboard.ca/>

**The workshop introduces the Life Story Board visual schema, and the LSB kit, and its use in counselling, with demonstration, and opportunity for hands-on experience and interactive discussion.**

As a tool for counsellors and therapists:

- the visual, tactile co-construction of a *lifescape* is an engaging way to listen, and for the client to give voice and bring to visual attention what they share.
- LSB facilitates respectful exploration of sensitive issues, in guided sessions with safety and control, in trauma-informed, narrative and art-based therapy approaches
- LSB useful for assessment, and to enhance therapeutic alliance with older children and adults.
- LSB is a versatile interview modality in qualitative research and other applications.

**No purchase is necessary. Light snacks and refreshments will be provided.**

LSB kits are available for trial or purchase (\$400 with discount)

**Workshop Fee is \$135 (reduced rate for students \$75) Space is limited to 12 participants.**
